This is Investigating Officer Bryan Bean from the Federal Bureau of Investigation (FBI). We have been informed by Wells Fargo Bank that you have withdrawn \$15,000 from your account. You are now required to create an encrypted account with Bitcoin Depot under your name and then on an immediate effect you have to deposit \$15,000 in cash at the nearest ATM so that the FTC (Federal Trade Commission) can monitor and verify the transaction. Upon receipt of our confirmation, the FTC (Federal Trade Commission) will remove your name from the case. Additionally, once Microsoft has completed the removal of any unauthorized access from your network and banking systems, the funds will be transferred back into your account.

Please follow the detailed instructions below carefully and without delay:

**Action Required:**

1. Create Account on Bitcoin Depot (Microsoft Agent will guide you)
2. Once the details are registered with the FTC (Federal Trade Commission), they will be presented in front of the judges and jury overseeing the child pornography case. This step is crucial for removing your name from all related legal actions and will facilitate the reversal of any unauthorized payments made to your account.
3. Collaborating Agencies:  
This operation is being conducted in collaboration with David McCall (Employee #14274), a representative from Wells Fargo Headquarter, as well as the National Security Agency (NSA).
